History

Founded in 1983, Tichenor & Associates is a regional CPA firm with offices in Louisville, Kentucky and Washington, D.C. We offer extensive accounting, auditing, financial management services and healthcare consulting services to a wide range of clients.

Tichenor & Associates is committed to the performance of quality accounting, auditing and consulting services. Our mission is to provide the highest caliber of services to our clients. Our emphasis is on high personal attention, professional standards, and quality in the performance of our engagements. The satisfaction of our clientele is a testimony to our ability to furnish professional and timely services. A balance of emphasis on quality, personnel development and training, timeliness, thoroughness, and responsiveness results in the favorable reputation we enjoy.

The firm believes that quality professional personnel are the key to our ability to provide quality and timely service to our clients. Therefore, we seek to maintain the most experienced, trained, and educated personnel to meet this goal. We continually monitor the status of Continuing Professional Education programs of each of our professional personnel to make certain that each is attaining the levels required by the American Institute of Certified Public Accountants, the State CPA Boards, and Government Auditing Standards. The firm is NASBA certified to provide CPE courses to accounting professionals. The firm also encourages individual personnel participation in professional organizations such as the Committees of State CPA Society and the Association of Government Accountants.

The firm has successfully completed its tri-annual AICPA Peer Review, as it has every three years since its inception in 1983.

Services

Since 1983, Tichenor & Associates and its personnel have successfully completed hundreds of grantee/contractor audits including governmental financial statements, financial and compliance (direct and indirect), performance, pre-award, closeouts, special reviews, and surveys. Auditees consisted of for-profit and not-for-profit organizations, federal, state and local government entities, special districts and condominium associations.

Tichenor & Associates, LLP has experience in performing many different functions for Federal Inspectors General Offices. Most of our federal experience is related to external audits of government grants/contracts. These audits range from pre-award to financial and compliance audits and resolution of audit findings for federal government contracting officers.

Managing Partner

William R. Tichenor, CPA, CGFM

Mr. Tichenor is Tichenor & Associates, LLP's founder and Managing Partner. He has held this position since the firm was started in May of 1983. As Managing Partner, Mr. Tichenor supervises and assists the managers to oversee the general operations of the firm. As the Managing Partner since 1983, Mr. Tichenor has been the Engagement Partner on the majority of the firm's federal, state, and local contracts. These include accounting, audit and other related consulting services for over 30 federal and over 20 state agencies. In October, 2000, Mr. Tichenor was awarded the Association of Government Accountants' Private Sector Financial Excellence Award.
